

Puget Sound/Washington Planning and Funding System

This diagram describes the cross-agency planning and funding system that drives ecosystem management in Puget Sound. State and federal programs (blue and green) provide resources that are directed by plans (navy) often administered by some coordination group (grey). Projects, might leverage local funds (dark green) and are developed by local actors (purple) and Indian nations (brown). Programs with a red outline are represented at the Align Grant Coordination Workgroup.

Acronym	Meaning
CRP	Community-based Restoration Program
CD	Conservation District
CREP	Conservation Reserve Enhancement Program
CAP	Continuing Authorities Program
EPA	Environmental Protection Agency
EQIP	Environmental Quality
ESRP	Estuary and Salmon Restoration Program
FSA	Farm Service Administration
FEMA	Federal Emergency Management Administration
FCAP	Flood Control Assistance Program
GI	General Investigation
HMGP	Hazard Mitigation Grant Program
NEP	National Estuary Program
NOAA	National Oceanic and Atmospheric Administration
NGO	Non-Governmental Organization
NWIFC	Northwest Indian Fisheries Commission
PDM	Pre-Disaster Mitigation Program
PSAR	Puget Sound Acquisition and Restoration
PSNERP	Puget Sound Nearshore Ecosystem Restoration Project
REET	Real Estate Excise Tax
RCO	Recreation and Conservation Office
RCPP	Regional Conservation Partnership Program
RFEGs	Regional Fishery Enhancement Groups
SRFB	Salmon Recovery Funding Board
SEHMP	State Enhanced Hazard Mitigation Plan
SIAT	Strategic Initiative Advisory Team
SIL	Strategic Initiative Lead
USACE	US Army Corps of Engineers
USFWS	US Fish and Wildlife Service
